## SAFE Med OP-positioning cushions and mattresses in SAFE ViscoPore foam and TEX foam with Comfor OP cover

SAFE ViscoPore foam is visco-elastic temperature sensitive foam shaping to the body. The foam is pressure distributing, soundless and provides stability. The foam is firm by low temperatures and by body warmth and pressure it shapes to the body and distributes pressure.

TEX is a stable elastic foam used for specific cushions.

All foams are OEKO-TEX® class 1 product.

Ignition and – match flame test EN 1021-1 & 2, EN 597-1 & 2  
 CFC free, halogen free, phthalates free, latex free

Breathable – absorbs and wicks away moisture from the body.

Machine wash test 10 times at 95°C, tumble dryer test 10 times at 90°C, autoclave test 10 times at 134°C

Anti-bacterial, anti-static, 100% allergy friendly

CE-marked medical device MDR-regulation (EU) 2017/745
